

Hörmann Innovations

SERVICE SUPPORT APP

Streamlined control box functionality at your fingertips

HÖRMANN

Service Support App for High Performance Doors

For smart phones or tablets

Available free from the App Store and Google Play, the Hörmann Service Support App for high performance doors instantly delivers troubleshooting, quickstart, parameters and diagrams.

Fault code search

Easily search within three sets of fault codes. First select F, T or I then enter the number that is appearing on the control box LED screen. The Issue and Solution are immediately displayed.

Quickstart for new installations

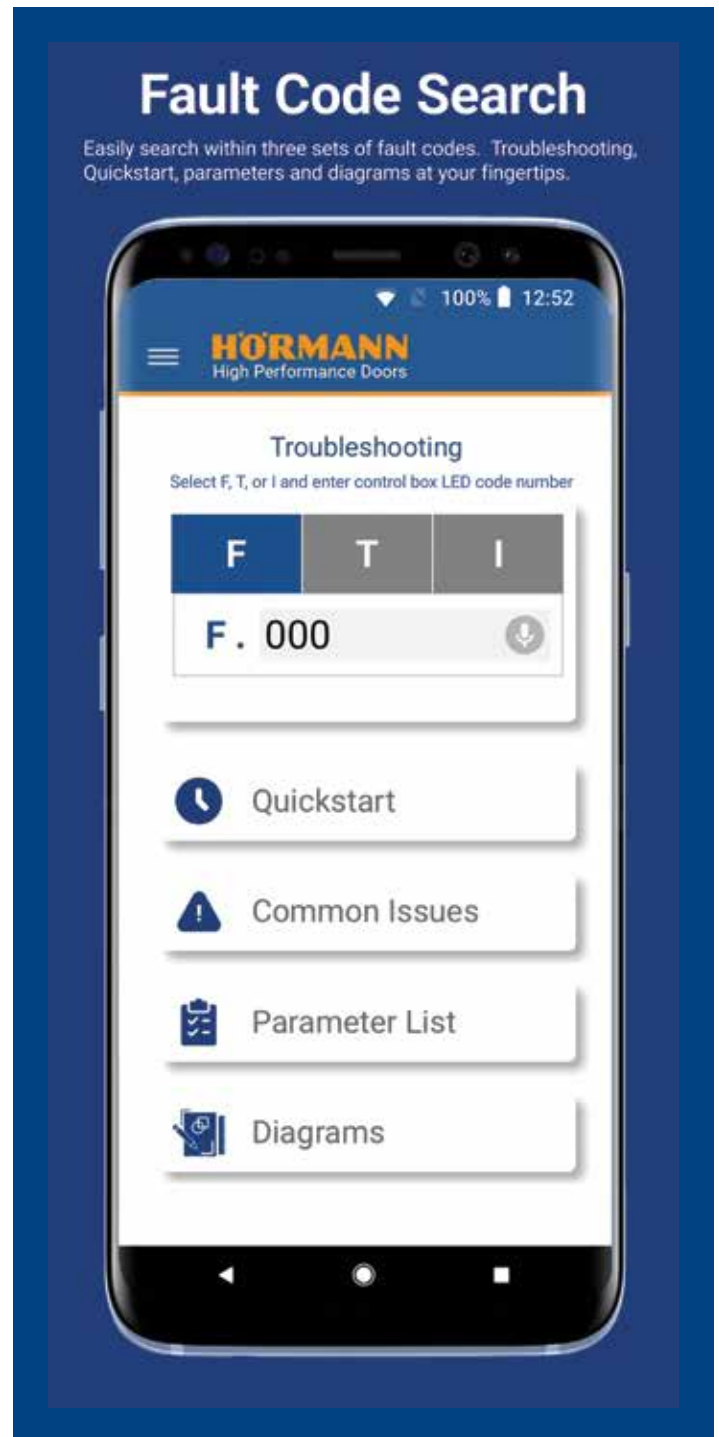

New installers will appreciate our Quickstart guide which lists common start-up tasks and settings for fast and efficient commissioning of new door installations.

Common issues, parameters and diagrams

Save time by searching from a pre-selected list of the most encountered issues while installing or servicing our high performance doors. A complete parameter list with explanations is readily available. Wiring diagrams and schematics for our control boxes and activations may be rotated and expanded for a clear view of important details.

Clear explanations

Clearly written descriptions and directions help analyze the situation and quickly get the door working correctly and with minimal revisiting of the issue at hand.
